Football Required Equipment:

Each family is required to provide their athlete an athletic supporter with cup, practice sock’s, cleats, and mouth guard. Many athletes prefer to have their own girdle with pads built in which is optional but recommended.

Mouth guards cannot be white or clear and must have a strap to attach it to the helmet, as the kids tend to chew on them reducing the protection they provide it is recommended a spare also be obtained. Periodic reminders will be sent out during the season requesting everyone to check for worn down mouth guards.

Cleats must be the rubber non-removable type, NO METAL CLEATS ARE ALLOWED and should be as close to all black or blue as possible. Black and white, black and blue or blue and white are acceptable.
